 - Use or attempt to use any account for which the Party does not have authorization;
 - Impersonate or post on behalf of any person or entity or otherwise misrepresent the Party's affiliation with a person or entity;
 - Attempt to circumvent any content filtering techniques Infoeye employs, or attempt to access any service or area of Infoeye Springboard not authorized to access by the Partner;
 - Engage in any harassing, intimidating, predatory or stalking conduct;
 - Develop any third-party applications that interact with Infoeye Springboard without our prior written consent;
 - Use Infoeye Springboard for any illegal or unauthorized purpose or engage in, encourage or promote any activity that violates these Terms; and
 - Upload any Content which is defamatory, obscene, pornographic, pedophilic, invasive of another's privacy, including bodily privacy, insulting, or harassing on the basis of gender, libelous, racially, or ethnically objectionable, relating or encouraging money laundering or gambling, or otherwise inconsistent with or contrary to the laws in force.

5. TERM

This MOU shall become effective from the "Effective Date" and shall be valid up to 31st March 2027.

The Parties shall be entitled to terminate this MOU at any time by giving 30 days written notice of such termination to the other Party. Nothing in this MOU shall prevent the Parties from terminating this MOU immediately if there occurs a material breach of the terms and conditions mentioned herein.

Upon completion, termination or expiration of this MOU, Partner will, in addition to any other obligations of Partner on completion, termination or expiration:

- (i) Cease all performance of the completed or terminated Services and furnish and return to Infosys all access of Infosys Springboard;
- (ii) Return to Infosys all copies of any Confidential or Proprietary Information of Infosys related to the completed or terminated Services and cease all use of these materials; Partner shall also certify to Infosys that it has complied with such obligations.

6. EXPENSES

Each Party will bear the costs and expenses of its performance under this MOU, unless agreed otherwise by the Parties in writing.

7. REPRESENTATION AND WARRANTIES

Partner represents and warrants that:

- (i) in the execution of this MOU, Partner shall comply with all applicable laws, regulations and ordinances;
- (ii) Partner shall not subcontract any part of the Services without prior written approval of Infosys.
- (iii) that the Partner Content will not contain any viruses or worms, bugs, disabling devices or any devices that will disrupt, disable, harm, impede or otherwise interfere with the Services of Infosys or allow unauthorized access into Infosys systems or hardware.

Infosys represents and warrants that:

- (i) the Services will be performed consistent with generally accepted industry standards in a professional and workmanlike manner;
- (ii) in the execution of this MOU, Infosys shall comply with all applicable laws, regulations, and ordinances, related to Prevention of Corruption Act, 1988; UK Bribery Act, 2010 and US Foreign Corrupt Practices Act, 1977.

Except as otherwise expressly set forth in this MOU, neither Party makes any warranties, guarantees or representations of any kind, express or implied, including without limitation any implied warranty of merchantability or fitness for a particular purpose.

8. LIMITATION OF LIABILITY

Except for claims/ loss/ damages arising due to breach of Section 2 (Confidential and Proprietary Information), Section 4 (Ownership and Restrictions) and 10(g) (Non-Hire), for claims arising from any willful misconduct, fraud, misrepresentation, and or violation by Partner of any laws, rules, ordinances, or regulations; and any other liability which cannot be excluded under law, Partner shall not be liable to the other Party for damages, whether in contract, tort or otherwise, arising out

of or in connection with this MOU. Further, Infosys shall not be liable to the other Party for damages, whether in contract, tort or otherwise, arising out of or in connection with this MOU. In no event shall either Party be liable for any indirect, special, incidental, consequential, punitive, tort or other damages, however caused, including, without limitation, any damages resulting from loss of use, loss of data, loss of profits or loss of business arising out of or in connection with this MOU, or of any other obligations relating to this MOU, whether or not the Party has been advised of the possibility of such damages.

9. NOTICES

Infosys Springboard Scope and Details of the Services

Infosys has launched Springboard initiative to accelerate progress on its ESG goal to expand digital re-skilling initiatives to 10 million plus people by 2025. As part of Infosys CSR, Infosys Springboard provides a curriculum-rich virtual platform that delivers corporate-grade learning experiences, on any device, with closer educator-learner collaboration for students from Class 6 to lifelong learners. This, alongside formal education, helps accelerate digital re-skilling for participating learners, ranging from school and college students to professionals and adults.

Infosys Springboard's holistic set of courses, powered by Infosys Wingspan and developed in collaboration with world-leading digital content providers, takes advantage of Infosys' 4 decades of rich experience in employee and broad-based student competency development. It is also fully aligned with India's National Education Policy 2020. The learning program is particularly well-suited to grow vocational skills in addition to soft skills. Masterclasses, programming challenges, practice areas and playgrounds for experimentation make the training immersive for all. The assessment formats that follow are new-age ready with certification for learners who pass the virtual proctored examination. As of March 2023, nearly 53 lakhs learners and 2000+ education institutions, NGOs and support groups are already onboard Infosys Springboard.

Infosys Springboard empowers:

- Students to 'learn by doing' and develop holistically in preparation for emerging jobs and career opportunities.
- Women with a focused learning micro site, specialized resources and expert mentors for holistic development as planned and scheduled events
- Working professionals with advanced digital skills to prepare them for new age and emerging roles of future.
- Teachers to better collaborate with learners on their skilling journey using the platform's engagement features
- NGOs to extend learning benefits more broadly, especially to the underserved sections of society.

Infosys Springboard will further amplify ongoing programs like Infosys Campus Connect to deepen industry-academia relationships, Infosys Catch Them Young annual training program in Information Technology for high school students and Aspire and Achieve workshops for aspiring professionals. Infosys Springboard App is now available on both Play Store and App Store.

Following are some of the new learning initiatives and capabilities launched recently.

- Infosys CodersZen, for learning programming languages Java, Python, C#, JavaScript and more.
- Virtual / digital classroom capabilities which can be leveraged by the institutions to conduct their regular online classes.
- Video Proctored Exam / Assessments environments which can be used by institutions to conduct online test.

All of the above features including Telemetry, customized microsite, Virtual Digital Classrooms and Video proctored Exam environments are available for institutions to leverage.

College students have access to quality content in professional programming, Playgrounds for all emerging technologies, domain skills and project management skills from leading content providers in the world. They also have access to certification programs which will improve their employability.

The Parties will work together to develop a plan for performing the Services contemplated under this MOU. The plan may include, among other things, conducting joint branding and marketing calls, joint presentations, developing branding and development proposals, determining user interface strategy and user needs.

SCHEDULE B

Faculty Enablement Program

Human capital has been amplified through focus on Work, Workplace, and Workforce. Through Infosys Springboard, we attempt to share with you the Infosys way of building a Culture of Lifelong Learning over the years, our trials and experiments, our learning and progress. It covers Learning Experience, an introduction to Learning Platforms, and the way features work their magic along with advanced telemetry. Infosys has clarity of vision and strategy for future of learning and adoptions of technology in learning.

The next generation of learning will require entire ecosystems to come together – from governments and institutions to enterprises and technology partners to managers and employees. At Infosys, we are focused on bringing these moving parts together to truly impact the way we up-skill and learn. We are making the world future-ready, and the Infosys Springboard is a step in that direction.

At Infosys, we believe in lifelong learning for our employees, and competency development continues to be a key area of strategic focus for us. The formal Education and Training Division was set up more than three decades ago and has been at the forefront of driving employee learning and development programs using a combination of innovative technology, content, and deep expertise of our people.

Today with emerging technologies, new delivery models, changing talent demographics, geopolitical challenges, and now the COVID-19 situation and its aftermath are some of the forces disrupting and changing the talent needs of every industry. In this context, following are the core principles that have guided us in our talent transformation journey. We believe same thing is applicable for educational institutes at large.

1. **Motivating to learn:** To be successful in driving this transformation, we had to ensure all barriers to learning are removed. This would ensure learners are able to access resources anytime, anywhere, and on any device – thereby taking complete control of how they want to manage their learning journey.
2. **Leveraging the Teacher-Student relationship:** For learning efforts to be effective, we saw a need for creating an active role for teachers in supporting and guiding their students in their learning journeys.
3. **Just-in-time Learning:** Trends indicated that people prefer to learn on the go, at their convenience, and just-in-time of the need. For this to happen, content had to be organized in micro-learning modules and thus meet the needs of different personas within the institution.
4. **Learning experience:** Most learners are used to digital experiences on platforms like Netflix, Amazon Prime shopping, YouTube, etc. Digital learning solutions that we set out to develop also had to be designed to provide such experiences.
5. **Ready for the future while delivering excellence today:** The Agile ways of working marked by shorter and continuous release cycles meant that there is a need to balance today's challenges with tomorrow's opportunities. Learning programs and courses had to be designed to meet these needs.

Teachers and educators play a pivotal role in enabling and preparing the students for their career aspirations. Infosys Springboard will make this process efficient and intuitive. Professors and faculty members of Partner can make use of Infosys's expertise and Springboard platform as follows to amplify the impact:

- The faculty development program will consist of series of sessions on the following aspects.
 - "Facilitate to Engage" course towards effective teaching techniques.
 - Instructional design and content creation.
 - Introduction and awareness to emerging and digital technologies
 - How to leverage online platform for effective learner engagement
 - Authoring courses and assessments on online platforms.
- The program will be delivered online virtually by Infosys experts.
- In addition, faculty can up-skill themselves and learn new skills through the courses available on Springboard platform.
- Faculty can conduct Virtual classes on the platform and conduct online assessments for their students.
- Faculty can use the courses available on springboard for including in the curriculum and as elective subjects.
- Faculty can create Microsites for their respective institutions and curate prescriptive content for their students.
- Faculty can create their own profile and learning reference materials and discussion forum through knowledge board feature.

MEMORANDUM OF UNDERSTANDING

BETWEEN

S.S.K.V. COLLEGE OF ARTS & SCIENCE FOR WOMEN

AND

BHUMI

PARTIES:

S.S.K.V. COLLEGE OF ARTS & SCIENCE FOR WOMEN

The S.S.K.V. College of Arts & Science for Women was established in 2007. Today there are a total of 1151 students studying in the college. Students are drawn not only from the main town of Kanchipuram but from peripheral villages. The majority of the students hail from economically poor backgrounds. Notwithstanding poverty, the parents are quite keen on their daughters getting

good education. In spite of belonging to the economically weaker sections of the society the girls can hold themselves high in terms of intelligence, aptitude, sports and general awareness. These students are distributed between nine departments. There are three Commerce streams in B.Com. One in B.B.A. We have B.Sc. (C.S) & B.C.A. besides B.A. English & B.A. Tamil & B.Sc. Mathematics. We also have M.A. Tamil & M.Com. (General). From the academic year 2023 – 2024 we started shift – II in the following courses BCA, B.Sc. (C.S.) & B.Com. (General)

Our students actively participate in both curricular, extracurricular activities besides distinguishing themselves in sports. They have won several medals in district tournaments in such sports events as Athletics, Swimming, Long jump. Our students bagged a runner up trophy in the district level sports tournaments conducted by the sports authority of kanchipuram. We are proud and happy that three players from the volleyball team were selected to represent the state and national level tournaments. Our students have also represented and won the second place in 200M running in the 2nd Khelo India women's Athletic League Championship 2023.

We also have a active NSS unit. Our volunteers have been making very valuable contributions to the society besides developing their own personality. This year we organized many Youth rallies and distributed pamphlets to the villagers making an appeal to fight against injustice & cruelty and to maintaining peace and spreading a feeling of oneness.

Bhumi is working towards providing holistic education and creating sustainable livelihoods for under- privileged students. Bhumi has launched a free skill up-gradation program focused on upskilling youth from marginalized or weaker sections. As a part of the initiative, we will be providing training in various IT, Software & Soft skills and interview preparedness which will help them become job-ready.

The partnership between Bhumi and S.S.K.V. College of Arts & Science for Women is aimed at providing a free skill up-gradation to the underprivileged students of the college as a step towards making them aware of the opportunities in their interest areas and guiding them to pursue their dream career by attaining necessary skills and knowledge through qualified trainers.

Objective of Bhumi:

Bhumi, as an implementation partner, is very keen on upskilling youth from marginalized or weaker sections. Bhumi believes that students from economically weaker sections need to be empowered so that they can tap their potential in their field of study. Bhumi would be facilitating skill upgradation sessions for the underprivileged students through the partner & volunteer network.

Details of the Partnership:

- **Bhumi** will establish a free skill training and job readiness program for the underprivileged college students in S.S.K.V. College of Arts & Science for Women
- Training includes technical skills, soft skills training and interview preparedness to help the youth beat the fear of facing interviews
- S.S.K.V. College of Arts & Science for Women to provide name list of students who are interested in a particular course
 - Duration of the program is 3 to 4 months which depends on the exam schedules of the college and course opted by the partner S.S.K.V. College of Arts & Science for Women
- The timing and duration of the sessions can be mutually agreed upon between the trainer, S.S.K.V. College of Arts & Science for Women and Bhumi.
- S.S.K.V. College of Arts & Science for Women will support students and trainer with lab infrastructure
- The student shortlisted by the college for the course will undergo an online assessment before the commencement of the course and upon completion of the course and thereby be certified by Bhumi
- The certification process will be free of charge and no fee will be charged from the students through any means / modes by S.S.K.V. College of Arts & Science for Women trainer and **Bhumi**
- **Bhumi** will provide data management system access and training to the trainer to capture the students data, attendance and assessment scores
- S.S.K.V. College of Arts & Science for Women along with the trainer identified will be monitoring the student attendance and retention and will be responsible for updating in the data management system provided by Bhumi
- Trainer(s) will be paid by **Bhumi** according to the company policies.

S.S.K.V. College of Arts & Science for Women need not pay the trainer during the entire period

- Mode of payment will depend on the flexibility of the trainer and the S.S.K.V. College of Arts & Science for Women if the trainer is selected by the college
- If Bhumi is selecting the trainer, Bhumi will be responsible for the payment to the respective trainer allocated to the college
- Bhumi will be conducting various guest lectures, soft skills sessions and mock interviews to prepare the students for interviews during the period of training
- Bhumi will collaborate with its partner corporate in conducting job fairs / campus drives during or after the training period

Duration of the Agreement:

The agreement between Bhumi and S.S.K.V. College of Arts & Science for Women is effective from July **2024 to June 2025**.

This Agreement in its original form will remain in full force and effect except when Partners desire to amend the current Agreement to reflect a new understanding. Any amendment agreed upon will not take effect without the written and signed consent of both Partners.
