Krishnapuram Post,
Kizhembli, Kanchi - 601551

SSKV College of Arts & Science for Women is committed to promoting environmental sustainability through eco-friendly practices, responsible resource management, and environmental education. The Green Campus Initiative integrates sustainable infrastructure, awareness programmes, student participation, and community engagement to nurture environmentally responsible citizens and create a clean, green, and healthy campus.

OBJECTIVES

1. To develop the institution on a self-sustainable model through renewable energy, water conservation, waste management, and eco-friendly practices.
 2. To encourage active participation of faculty, students, and staff in maintaining a green and sustainable campus.
 3. To monitor and reduce the carbon footprint of the institution.
 4. To create awareness on environmental protection, sustainability, and climate change among students, staff, and the surrounding community.
 5. To promote green values as part of the institutional culture and social responsibility.
-

POLICY FRAMEWORK

1. Swachh Bharat and Clean Campus Initiatives

- Regular cleanliness drives are organized in the campus and nearby communities.
 - Awareness programmes on hygiene, sanitation, and environmental cleanliness are conducted through NSS, NCC, Youth Red Cross, and Eco Club.
 - Faculty and students actively volunteer for campus and community cleanliness activities.
 - Departments conduct campaigns on Swachh Bharat Mission and environmental responsibility.
 - Students are encouraged to practice waste segregation and maintain cleanliness during all college events.
-

2. Eco-Friendly Infrastructure Initiatives

- Tree plantation drives and campus landscaping activities are regularly conducted.
- Vertical gardening and green belt development enhance campus greenery.
- LED lighting and energy-saving equipment are installed across the campus.
- Rainwater harvesting systems are used to recharge groundwater.
- Single-use plastics are strictly banned to maintain a Plastic-Free Campus.
- Periodic Green Audit and Energy Audit are conducted to ensure sustainable resource usage.

3. Waste Management Practices

- Waste segregation into biodegradable and non-biodegradable categories.
- Composting of organic waste.
- Awareness on reducing, reusing, and recycling waste.
- Proper disposal of e-waste through authorized agencies.

4. Environmental Governance – Eco Club / Green Committee

- A dedicated Green Committee / Eco Club functions to monitor environmental practices.
- Students conduct periodic environmental audits within the campus.
- The committee organizes plastic-free campaigns, cleanliness drives, and green initiatives.
- Regular monitoring of campus hygiene and environmental standards is carried out.

5. Awareness and Education Initiatives

- Departments, Clubs, NSS, NCC, and Women Development Cell organize:
 - Seminars
 - Workshops
 - Conferences
 - Awareness rallies
 - Poster campaigns
- Environmental topics are integrated into academic and co-curricular activities.
- Outreach programmes promote environmental consciousness.
